Full Stack Developer Fresher

Lal Bahadur Shastri
Nagar, Indore, M.P.
India.

Dear Hiring Manager,

I am excited to apply for the available position at your company, and I believe my skills and experience would make me a valuable asset to your team. My name is Piyush Kag, and I am a skilled technologist residing in Indore.

I completed my schooling from Excellence Bal Vinay Mandir and graduated from IPS Academy Indore. I have honed my skills in several programming languages, including Java, SQL, Servlet, HTML, and CSS. My passion for technology has enabled me to develop a range of impressive projects such as a snake game, calculator, responsive admin dashboard, and a restaurant webpage. I am confident that my technical abilities and creativity would enable me to contribute to any technology-oriented project at your company.

One of my key strengths is my ability to complete work regardless of the challenges I face. I am committed to seeing tasks through to the end and never give up until I achieve my desired outcomes. Furthermore, I am a calm person, which enables me to remain focused and composed under pressure.

However, I acknowledge that my weakness is that I tend not to trust people easily. Nevertheless, I recognize the importance of teamwork and open communication, and I strive to maintain positive relationships with my colleagues.

Thank you for taking the time to review my application. I am confident that my skills and experience would enable me to excel in the available position at your company. I look forward to discussing this opportunity with you further.

Sincerely,
PIYUSH KAG
